

THE CAPTAIN INTRODUCES G+ BUCKET

Recent food waste by-laws make food separation from regular household garbage necessary. If you use a carburetor or are composting food waste, you may want to consider the Captain's alternative:

Outside composts might attract animals and 'carburetors' use power and may plug plumbing lines. Our solution to separating your food waste is our service.

Captain Recycling gives you an under-the-counter 'G' bucket complete with deodorized organic wood fibre and instructions.

Order your G+ bucket from the Captain today.

The G+ bucket is the easy to use bucket that you can use to compost your under counter food waste.

The bucket is a convenient 11.5 liter bucket that can be put under the counter for easy of access and use.

Your G+ Bucket can be filled with all Organic Waste

- Bones
- Baked Goods
- Breads Grains & Pasta
- Dairy Products
- Eggshells & Nutshells
- Fish
- Kitchen Scraps
- Meat
- Plate Scrapings
- Fruit & Vegetables
- Coffee Grounds
- Coffee Ground Filters
- Tea Bags

Right now existing customers of the captain can take advantage of our 60 day free tryout. Once you've filled your G+ bucket, we will replace the bucket with a clean bucket for the cost of a toonie during our regular pickup.

New customers costs only \$7.- to replace with clean pails.
